

## **Covid-19 – Attendance Procedures – JANUARY 2022**

**The government have made it clear that they expect all pupils to attend school in all settings and that attendance is mandatory. There is a very strong link between regular attendance and achievement and we will be expecting all of our pupils to attend school to support both their educational achievement and their well-being. We will, of course, continue to work with families to support our young people to achieve this.**

**ATLP have adopted the DFE's addendum (updated January 2022) which can be found [here](#)**
