How are instructions laid out?

What are the key features of Instructions?

Key features of Instructions

THEY USUALLY CONTAIN:

- A title
- A list of things that you will need.
- Numbered steps (Each step set out on a new line)
- A sequence of steps set out in the right order.
- Verbs which begin each instruction (put, get, spread, cut etc.)

What I'm Looking for:

You are to write a set of instructions for “How to make a sandwich” which include:

- A title
- A number for each instruction
- Each instruction beginning on a new line
- A verb or time connective word to begin each instruction
- All of the steps in the correct order.
